motivational book about how rich you can be investing in big real estate deals. It is a how to book. How to buy, finance, find, repair, manage, and value commercial real estate. It comes with more than 10 case studies that go into the details of deals Mark has done in the last 3 years. The good, the bad, and the ugly. If you are interested at all in commercial real estate. I do not mean multifamily residential apartments, but retail, industrial, office space, this is the book for you. If you are looking to simply dump huge amounts of money into big commercial properties this is not the book for you. This book shows you how to add value, how to get great deals, and how to refinance the properties to take cash out for bigger deals. All while bringing in quite a bit of monthly income. Real estate is a wonderful business with so many opportunities. Commercial real estate is an often-overlooked niche, which means there is a ton of opportunity. What the book covers: Commercial Real Estate Strategies Intro How I got Into Commercial Real Estate Start Big or Small? The Basics of Commercial Real Estate Commercial Versus Multifamily What Type of Commercial Properties Do I Like? Where Should You Buy Commercial Rentals? For proven guidance and techniques for handling a commercial real estate deal, this practical guide will help you negotiate and close the deal. The authors cover each step of a real estate transaction in the order in which it generally arises, and offers pertinent advice, practice comments, and sample forms throughout.

Because much of the real estate lawyer's practice revolves around transactional documents, the book's chapters emphasize the drafting, negotiation, and revision needed to get a deal closed. Written by a law professor and two real estate practitioners, this book offers a useful combination of text overview and practice pointers. It helps lawyers with less experience navigate through the maze of steps involved in a real estate transaction. At the same time, it serves as a

valuable reference for more seasoned attorneys as well as those whose practice is concentrated in other areas of the law. Downloadable forms are available online.

Achieve financial peace of mind with the million-copy #1 New York Times bestseller, now revised and updated, featuring an entirely new Financial Empowerment Plan and a bonus chapter on investing. The time has never been more right for women to take control of their finances. The lessons, revelations, and shocks of the past few years have made it clear that standing in our truth is the only way to care for ourselves, our families, and our finances. With her signature mix of insight, compassion, and practical advice, Suze equips women with the financial knowledge and emotional awareness to overcome the blocks that have kept them from acting in the best interest of their money—and themselves. Whether you are single or in a committed relationship, a successful professional, a worker struggling to make ends meet, a stay-at-home parent, or a creative soul, Suze offers the possibility of living a life of true wealth, a life in which you own the power to control your destiny. At the center of this fully revised and updated edition, Suze presents an all-new Financial Empowerment Plan, designed to get you to a place of emotional and financial security as quickly as possible—because the most precious commodity women have is time. Divided

into four essential components, the plan will teach you how to • Protect yourself • Spend smart • Build your future • Give to others Also included is a bonus chapter on investing—for those who are living by Suze's unbreakable financial ground rules and ready to learn how to invest with confidence. *Women & Money* speaks to every mother, daughter, grandmother, sister, and wife. It gives readers the opportunity to tap into Suze's unique spirit, people-first wisdom, and unparalleled appreciation that for women, money itself is not the end goal. It's the means to living a full and meaningful life.

**** ACCORDING TO BUSINESS INSIDER:** "Getting your MBA has never been easier. Haroun is one of the highest rated professors on Udemy, so you can expect to be in good hands through the course of your education." ****** This is the book version of the popular Udemy.com course called "An Entire MBA in 1 Course." From the Author of "101 Crucial Lessons They Don't Teach You in Business School," which Forbes magazine calls "1 of 6 books that all entrepreneurs need to read right now." This book will teach you everything you need to know about business....from starting a company to taking it public. Most business books are significantly outdated. This book leverages many online resources and makes the general business, accounting and finance process very easy to understand (and enjoyable too)! There are many incredibly engaging and

entertaining video links in the book to YouTube and other sources; 'edutainment' works! Although this book is close to 400 pages, I tried to visualize the content of this book as much as possible as this is a more impactful and enjoyable way to learn (think Pinterest versus the tiny words in the Economist)! The contents of this book are all based on my work experience at several firms, including Goldman Sachs, the consulting industry at Accenture, a few companies I have started, the hedge fund industry where I worked at Citadel and most recently, based on my experience at a prominent San Francisco based venture capital firm. I also included many helpful practical business concepts I learned while I did an MBA at Columbia University and a Bachelor of Commerce degree at McGill University. Think of this book as a "greatest hits" business summary from my MBA, undergraduate business degree, work experience in consulting, equities, hedge funds, venture capital and starting my own companies. As the title of this book suggests, this is an entire MBA in one book; it's also a practical manual to help you accomplish your business career goals. I have minimized "boring theoretical concepts" in this book in order to keep it as close to reality as possible. I hope you enjoy it! In addition to teaching at 4 universities in the San Francisco Bay Area, you can find other courses that I teach online at www.udemy.com/user/chris-haroun/.

There's a huge problem in the commercial real estate business that nobody is talking about- DUE DILIGENCE. The vast majority of investors, real estate brokers and commercial real estate professionals barely scratch the surface conducting their due diligence when purchasing commercial real estate investments. Investors are taking unnecessary risks and throwing money away or making bad investments, by not properly performing due diligence. In fact, they are leaving big money on the table without even realizing it. Brokers are putting themselves at risk for potential litigation and missing an opportunity to help their

clients as a true ally by learning these principles. All because "they don't know what they don't know". I was in the same position, until I created a system that made the entire process easier and less stressful. Having and adhering to a proven system allows you to do it faster, easier, more efficiently and you're less likely to miss something. It reduces the stress; makes you feel more confident; makes the sellers of the properties less likely to try to play games while negotiating with you, and ultimately helps to make you a better investor because you are more prepared. This handbook gives you a process to follow. A "road map" that takes you through from beginning to end. It is written in a concise, "easy to follow" fashion as a real due diligence tool and is not intended as a voluminous textbook on the subject. It's based upon over 30 years of experience in the commercial real estate business and acquiring over 9 million square feet from private and institutional owners. The fundamentals remain the same and they are all applicable, whether you're acquiring residential rental properties, an industrial building, a skyscraper or retail shopping center. Some of the things you will learn from the book . . . What to negotiate in the purchase and sale agreement so that you can maximize the opportunities for yourself when it comes time to negotiate further with the seller. Essential provisions to ask for in the purchase and sale agreement. (These could end up costing you dearly later if

you don't have them in there). Specific issues and provisions to look for in the leases. (These could be potentially devastating to the investment after you own it). Conducting tenant interviews and what questions to ask so that you can uncover any problems or issues (This can be a goldmine of information). Cost cutting tips and dozens of strategies that will help you add value to the property once you own it. One of the most critical processes done during the due diligence process is the underwriting and financial analysis, which is constantly being revised during that process. (Included is a list of essential questions that must be addressed.) How to ensure that you are getting all you deserve when finalizing the transaction and what to look for on the closing statement to make sure you are. (Most investors leave a lot of money behind by not knowing this information). In addition, you get at the end of handbook . . . Sample Lease Abstract Form (which shows you how to summarize all the main deal points and provisions of a lease document). Due Diligence Checklist Due Diligence Document Checklist Sample Tenant Questionnaire (a sample list of questions that you should ask of tenants when conducting a tenant interview). By having this knowledge and my "step-by-step" system, you will be more prepared and less stressed; more confident in your ability to negotiate and go up against any seller. There are too many things to remember during the process. We need reminding as much as we
