A risqué autobiographical novel that fictionalizes the sexual adventures of the author's youth In 2012, acclaimed writer George Bowering published Pinboy, a fictional memoir of his teenage sexual awakening. With No One, Bowering returns to play with form and fact in this autobiographical novel that continues the narrator's journey in a quest story full of further sexual awakenings as that Pinboy becomes a man. A writer called "alert, playful, and questioning" by The Globe and Mail, Bowering infuses this work with sexual politics, romantic and social developments, and a backdrop of ancient themes of homesickness and captivity. Readers may delight in the details of the retelling or perhaps they will be browned off. There are no guarantees. The ending will be a pleasant surprise for readers, patient and otherwise.

secret so dangerous that, if it were exposed, it would reshape the entire world. What would you do if that secret were your very identity? In almost every way, Palo Vista seems like a typical California city, with office buildings, schools, and homes sprawled out across suburbia, filled with families making a life for themselves at the dawn of the new millennium. But two seniors at Mt. MacMurray High are about to find out that nothing is as it seems. Jason Nix is a star athlete and honors student who can't seem to remember anything about his childhood. Elyse Van Auten is a budding artist from a broken home whose father left her mother two years ago - or so she's been led to believe. Like most teens entering adulthood, Elyse and Jason just want to find out who they really are. For them, however, the stakes go far beyond their own personal quest. Join them on a journey of self-discovery that becomes a desperate fight for survival against enemies determined to conceal the truth ... and find out what happens when that fight becomes personal.

Renowned Dayton, Ohio photographer Dan Cleary blends his passion for photography with a fascination for the Wright Brothers' legacy. In his book, *Wright Brothers: Then and Now*, Cleary seamlessly blends historical images of the Wright Brothers with current images he has taken at the same locations. The result is a compelling visual tribute to the pioneers of flight. The Wright Brothers were accomplished photographers and used photography in their process of discovery. Cleary obtained digital photographs by and about the Wright Brothers for this project. He then traveled to Ohio, North Carolina, Virginia, Michigan, New York, and France to capture current-day photographs at locations where the Wright Brothers made their early test experiments and flight demonstrations. Using his artistry as a photographer and his mastery of Photoshop, he superimposes the old and new images into captivating new combinations where the past and present interweave. He also includes a written narrative in each picture about the people behind the history, helping to bring life to each photograph. The image in the book "Bishop's First Flight" references the day in May 1910 when Bishop Milton Wright, the Wright Brothers' father, flew for the first time. He and Orville traveled to a height of about 350 feet and flew for six minutes over Huffman Prairie in Dayton, Ohio. The Bishop is said to have exclaimed, "Higher, Orville, Higher!" The Huffman Prairie Flying Field National Historical Park is adjacent to Wright-Patterson Air Force Base. While at Huffman Prairie taking photographs with this historical image in mind, a C-17 Globemaster III transport took off from the Air Force Base and flew into Cleary's camera's frame. Cleary states, "The C-17 and Orville and Bishop Wright's plane lined up perfectly! It seemed to me that "Higher, Orville, Higher" was an appropriate metaphor for where aviation was soon to be." About the image titled "Kite Flying," Cleary recounts, "While at the Wright Brothers National Memorial in Kill Devil Hills, North Carolina, Park Rangers started to pass out kites to visitors. It was the perfect opportunity to photograph, especially knowing the Wright Brothers used kites in their testing. Later in PhotoShop, I playfully inserted Orville and Wilbur with their kite into the scene." This photograph of Cleary's is one of the more playful images in the book. *Wright Brothers: Then and Now* is a must-have book for the Wright Brother history buff. This book is available from Dan's website, www.ClearyFineArtPhoto.com, and at many aviation and history museum bookstores.

Louise Rushing has been delivered and set free from the bondage of sin. "Alcohol is no longer a crutch for me. I don't have to turn tricks with men in order to feel loved. I don't carry around bitterness and unforgiveness in my heart against those who used and abused me. I know how to love and forgive. It is all because of my Lord and Savior, Jesus Christ. He taught me how to overcome all of the demons that haunted me all my life. I am free, really free." This wonderful God saved me from a life of sin and death. I owe Him everything. He is my life. This book is all about what He did for me in my life. He has sent me out to let this dying world know that there is a God that forgives and can heal a broken heart. I am a living witness. If He did it for me, He can do it for you. Louise Rushing was ordained in October 29, 2011 by Pastor Larry Brooks, of Crossroads Kingdom Ministries, and strives to help her family and others to seek salvation, learn and grow in the Word of God through weekly Bible studies, and by sharing her testimony of God's grace all over the greater Seattle area in various churches, prisons, women's shelters, women's conferences, and prayer breakfasts.

Oblomov, novel by Russian writer Ivan Goncharov, published in 1859. The work is a powerful critique of 19th-century Russia, contrasting aristocrats with the merchant class and condemning the feudal system. Its hero, Oblomov, is a generous but indecisive young nobleman who loses the woman he loves to a vigorous, pragmatic friend. A perpetual daydreamer, he lives his life in his mind and spends his time in bed. From this character derives the Russian term *oblomovshchina*, epitomizing the backwardness, inertia, and futility of 19th-century Russian society.

This ain't no cute, cuddly kitten zombie story. Jack D. McLean's *Zomcats!* does for cuddly felines what James Herbert's horror classic, *The Rats*, did for rodents. It is plausible that occasionally, a rogue electromagnetic wave might develop in interstellar and/or intergalactic space which would carry a large volumetric electromagnetic energy density and would travel at the speed of light in vacuu. Accordingly, a spacecraft of Christmas Tree Light-Sail style might harness the energy of the rogue wave regardless of whether the wave was generally incident from the stern or bow direction with respect to the spacecraft. It is also plausible that rogue waves comprised of microwaves, infrared light, visible light, ultraviolet light, x-rays, gamma rays, and the like may develop. For space craft on itineraries lasting at least a canonical ensemble of years in the ship frame or also in the background reference frame, such rogue waves are bound to occur. Moreover, even larger waves that are formed from rouge waves are possible and may have amplitudes, volumetric energy densities, and total energies which are much greater than that of the first hierarchy of rogue waves. Additionally, these second hierarchies of rogue waves may combine to form 3rd hierarchies of rogue waves which may in turn combine to form 4th hierarchies of rogue waves and so-on. Rogue waves as such may have magnetic wave and gravitational wave analogues. Electromagnetic and magnetic waves may plausibly include both Standard Model and Mirror Matter Model forms.
