Demystifying a growing and dynamic field, Handbook of Governmental Accounting reflects the increasing complexity of this area, enabling readers to grasp the intricate accounting that is involved as government expenditures multiply and governments engage in progressively complex transactions. Drawing on the expertise of a distinguished group of contributors, the book begins with a discussion of the growth of generally accepted accounting principles (GAAP), providing a historical perspective which highlights the greater levels of accountability in government finance. It covers governmental funds, proprietary funds, and fiduciary funds. It also reviews governmental financial reporting and examines the process of auditing governmental entities. While the majority of the chapters relate to state and local governments in the United States, the book also provides insight into federal accounting and international public sector accounting standards. Presenting numerous useful charts and sample budget outlines, this book provides concrete guidance in an area that has increased in complexity as governmental accountability takes on a heightened priority. Solutions to all Study Guide set C assignments are located here and may be packaged with the Study Guide at the instructor's discretion. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

A hands-on guide to the ins and outs of governmental accounting—made easy! *Governmental Accounting Made Easy, Second Edition* equips you with the tools you need to run the financial and accounting operations within your organization. This complete and straightforward manual covers a broad range of governmental accounting topics that fall under the Governmental Accounting Standards Board, and its recently revised financial reporting model. Boiling down the complicated details of governmental accounting into manageable essentials, author Warren Ruppel, a leading authority on governmental accounting, offers practical information in easy-to-understand terminology. Even if you do not have a professional understanding of accounting principles and financial reporting, the Second Edition makes it all clear with accounting rules explained in terms anyone can understand, to help you better fulfill your managerial and fiduciary duties. Always practical and never over-technical, this helpful guide:

- Discusses basic accounting terminology
- Clearly explains fund accounting
- Covers the nuts and bolts of governmental financial statements
- Equips you to understand the reporting entity
- Discusses revenues from non-exchange transactions
- Helps you become conversant in various accounting topics

The recently adopted reporting model for governments resulted in a radical change in the way governmental financial statements are presented. Suitable for professional managers, budget preparers, school boards, city councils, state legislators, and comptrollers, *Governmental Accounting Made Easy, Second Edition* is your essential guide for a clear, concise, understandable explanation of government finances.

with chapter outlines that are linked to learning objectives and a set "C" of assignments that include review questions, exercises, and problems. The working papers are tailored to the text's end-of-chapter assignments. (Solutions for the working papers are included in the Solutions Manual. Solutions for Study Guide assignments are available separately).

Governmental and Nonprofit Accounting, Revised Sixth Edition provides a better balance between theory and practice than other texts, with the most up-to-date coverage. It provides readers with a thorough basis for understanding the logic for and nature of all of the funds and account groups of a government, with a unique approach that enables readers to grasp the entire accounting and reporting framework for a government before focusing on specific individual fund types and account groups. Includes coverage of the new reporting model standard: GASB Statement 34. Includes illustrations of government-wide financial statements and fund-based financial statements presented using the major fund approach. Points out the major changes required from the current guidance and explains and illustrates the requirements of the new model. Explains and illustrates the GASB Statement 31. Contains the latest revision of OMB Circular A-133 on single audits. Appropriate for undergraduate Accounting courses, such as Governmental Accounting, Public Sector accounting, Government and Nonprofit Accounting, and Fund Accounting.
