"Titus Andronicus is a tragedy by William Shakespeare, believed to have been written between 1588 and 1593, probably in collaboration with George Peele. It is thought to be Shakespeare's first tragedy and is often seen as his attempt to emulate the violent and bloody revenge plays of his contemporaries, which were extremely popular with audiences throughout the 16th century.[1]The play is set during the latter days of the Roman Empire and tells the fictional story of Titus, a general in the Roman army, who is engaged in a cycle of revenge with Tamora, Queen of the Goths. It is Shakespeare's bloodiest and most violent work, and traditionally was one of his least respected plays; although it was extremely popular in its day, by the later 17th century it had fallen out of favour. In the Victorian era, it was disapproved of primarily because of what was considered to be a distasteful use of graphic violence, but from around the middle of the 20th century its reputation began to improve"

An electrifying new study that investigates the challenges of the Bard's inconsistencies and flaws, and focuses on

revealing—not resolving—the ambiguities of the plays and their changing topicality A genius and prophet whose timeless works encapsulate the human condition like no other. A writer who surpassed his contemporaries in vision, originality, and literary mastery. A man who wrote like an angel, putting it all so much better than anyone else. Is this Shakespeare? Well, sort of. But it doesn't tell us the whole truth. So much of what we say about Shakespeare is either not true, or just not relevant. In *This Is Shakespeare*, Emma Smith—an intellectually, theatrically, and ethically exciting writer—takes us into a world of politicking and copycatting, as we watch Shakespeare emulating the blockbusters of Christopher Marlowe and Thomas Kyd (the Spielberg and Tarantino of their day), flirting with and skirting around the cutthroat issues of succession politics, religious upheaval, and technological change. Smith writes in strikingly modern ways about individual agency, privacy, politics, celebrity, and sex. Instead of offering the answers, the Shakespeare she reveals poses awkward questions, always inviting the reader to ponder ambiguities.

Discovered in a treasure-filled parking lot in Leicester, England (next to a pile of bones that didn't look that important), an ancient manuscript proves to be the long-lost first play written by none other than seventeen-year-old William Shakespeare from Stratford. We are totally not

completely making this up. WILLIAM SHAKESPEARE'S LONG LOST FIRST PLAY (abridged) is the literary holy grail: an actual manuscript in Shakespeare's own hand showing all his most famous characters and familiar speeches in a brand-new story. But because it's one hundred hours long and contains multiple unwieldy storylines, it was decided, as a public service, to abridge it down to a brief and palatable ninety-minute performance for this lost masterpiece. "Today the number and nature of interpretive strategies developed by contemporary theorists for reading Shakespeare's texts may not only delight but also disconcert the scholars, critics, teachers, and students who study them. In this work, six leading Shakespearean scholar-critics, in a series of clear and elegant lectures delivered to undergraduate English majors, explain distinctive procedures that they and other influential, contemporary critics use for interpreting Shakespeare's poems and plays. Workshops, which illustrate with Shakespearean texts the practice of specific methods, follow the lectures." "Helen Vendler (Harvard) guides readers to Shakespeare's poetry by explaining and illustrating how to hear the unexpected and unobtrusive but crucial questions that sonnets pose, and by tracing the increasingly powerful perceptions that precise, informed aesthetic responses to these questions evoke. R. A. Foakes (UCLA) identifies basic cultural issues underlying traditional approaches to teaching Shakespeare's plays, especially the tragedies, and explains how poststructuralist responses to these issues lead to a reevaluation of the "Bard." Leah Marcus (U. Texas, Austin) also explains cultural issues, particularly about the "construct" that has become "Shakespeare," and introduces editorial questions about the actual textual versions offered to students, notably of Hamlet and King Lear. With emphasis on the plays in performance, John Wilders (Oxford, Middlebury) delivers a structure-oriented, acting-centered analysis of Julius Caesar and then directs, in similar fashion, a production of the first scene of A Midsummer Night's Dream. Patricia Parker (Stanford), on the other hand, follows intricate lines of wordplay through a series of deconstructions and reconstructions in The Merry Wives of Windsor and A Midsummer Night's Dream. Bringing the series to a close, Annabel Patterson (Duke) presents an explicitly issue-oriented analysis of editorial, critical, scholarly, dramatic, and cinematic interpretations of Henry V; and she offers a concluding commentary on the workshops of her colleagues."--BOOK JACKET. William Shakespeare, the most celebrated poet in the English language, left behind nearly a million words of text, but his biography has long been a thicket of wild supposition arranged around scant facts. With a steady hand and his trademark wit, Bill Bryson sorts through this colorful muddle to reveal the man himself. Bryson documents the efforts of earlier scholars, from today's most respected academics to eccentrics like Delia Bacon, an American who developed a firm but unsubstantiated conviction that her namesake, Francis Bacon, was the true author of Shakespeare's plays. Emulating the style of his famous travelogues, Bryson records episodes in his research, including a visit to a basement room in Washington, D.C., where the world's largest collection of First Folios is housed. Bryson celebrates Shakespeare as a writer of unimaginable talent and enormous inventiveness. His Shakespeare is like no one else's—the beneficiary of Bryson's genial nature, his engaging skepticism, and a gift for storytelling unrivalled in our time.
