Maya Rose has a problem. She's the last in her line of dragon shifters, and if she doesn't produce an heir soon, it could be disastrous for her kingdom. In order to remedy this, her father, the king, has gathered the greatest heroes from across the lands, and set them on a quest to not only save the kingdom, but to win Maya's love. Should they succeed, they will become her husband and rule by her side. Should they fail to win her love, death is the only answer. But with so many dashing men willing to do anything to win her hand, how is a girl to choose? Then again, no one ever said she had to pick just one. After all, the fate of the realm is at stake, and maybe this time, more is merrier.

All great stories start with a death. In this case, it's my own. Instead of the pearly white gates and yellow brick road leading me to Heaven, my soul is chosen to join Afterworld Academy - an exclusive boarding school to train selected souls on how to manage the Afterlife. Ghosts, Demons, Reapers, and Angels. Classes on how to fly. Studies on the proper way to select souls. Weaponry. Premonition. Oh, and field trips to Hell. Sounds peachy, right? When souls turn up dead, I must work with my four sexy-as-sin mentors to uncover the truth of my new reality.

Things are about to take a deadly turn. Welcome to Afterworld Academy where the price of admission... is your life. Dearly Departed is book one of a four book series by bestselling authors, Loxley Savage and Katie May. This is a reverse harem romance meaning that the main character won't have to choose between her love interests. This is medium-burn and does contain strong language and sexual themes. Oh, and death. Lots and lots of death. Book one will end in a cliffhanger.*Note from Authors The main character does pass away from cancer (which is how she ends up in the Afterworld Academy). Please keep this in mind while reading, especially if that may be triggering to you. We would love for you to read our book, but we want you to take care of yourself.

Dive through the looking-glass into a Wonderland that's lush, exhilarating... and deadly. Five steps to getting over a nasty break-up: 1. Inherit a mini-castle from your reclusive grand-aunt. 2. Fall through a mirror into a decadent upside-down world. 3. Get to know the smoking-hot locals. Prickly Hatter. Playful Chess. And the passionate White Knight... Wait, what was I talking about? Oh, right. 4. Discover you possess powers that could win a rebellion against a tyrannical queen. 5. Keep a tight hold on your head--and your heart. When I tumbled into Wonderland, I only wanted to escape the epic mess my life had become. I'm not sure I can trust anything in this bizarre, intoxicating place. But the three incredibly enticing men I've met here might need me even more than anyone back home ever has. Maybe a little heroism is all it'll take to heal my wounds and theirs. As long as the Queen of Hearts doesn't come for our heads first...

And it meant going back home... Danny has spent the last eight years running. His father was the alpha of the Wolves of Lupus Latr, the most powerful Werewolf Clan in Southern England. Yet now he's come of age, and things have come into motion that he can no longer run from. Now he must return home to Lupus Latr to face his old pack. However this is not as simple as it sounds. For a wolf in exile to return home, first he must prove himself worthy of his pack. It's a dangerous road to walk, and should he survive, he would then have to kneel before the new alpha. Erza. The critically acclaimed, award-winning, modern classic *Speak* is now a stunning graphic novel. "Speak up for yourself—we want to know what you have to say." From the first moment of her freshman year at Merryweather High, Melinda knows this is a big fat lie, part of the nonsense of high school. She is friendless—an outcast—because she busted an end-of-summer party by calling the cops, so now nobody will talk to her, let alone listen to her. Through her work on an art project, she is finally able to face what really happened that night: She was raped by an upperclassman, a guy who still attends Merryweather and is still a threat to her. With powerful illustrations by Emily Carroll, Laurie Halse Anderson's *Speak: The Graphic Novel* comes alive for new audiences and fans of the classic novel. This title has Common Core connections.

And then there's the prince himself, a man that nobody else can know is dead. Find the missing soul of a thief, enjoy the company of her only living boyfriend, Vex, and figure out a way to survive school and feuding gods. If Brynn can transform a fox into a human with the magic of a sneeze, surely she can do anything. Please. I just want to escape this place and go ... home.

ALLISON'S ADVENTURES IN UNDERLAND (Book 1 of 3 in the "Harem of Hearts" series) -- is a full-length reverse harem/new adult/dark romance novel, a gritty retelling of "Alice's Adventures in Wonderland". Don't expect a children's tale; these characters are nothing like their more innocent counterparts. This book contains: drugs, cursing, violence, sex ... and love found in the darkest shadows.

A handsome Lycan King will claim as his mate the mermaid who saved him from drowning. All her mermaid life, Mirella has been told to stay away from the humans. Yet, one night, a mysterious pull compels her to save a handsome stranger from drowning in a shipwreck. Once she takes him to his island, the language barrier stops her from explaining to him that she's his fated mate. Duncan has been waiting for his fated mate. As the king of the Lycans, it's his duty to marry and leave offspring. He never thought his mate could be a gorgeous mermaid. Despite being unable to communicate with her, he wants to make her his. But is she able to live out of water? Mirella strikes a deal with the Sea Witch for the ability to speak the human tongue. Deeply in love with the stranger she keeps meeting on a beach, she'll defy her father and will offer her tail to the witch to be with Duncan. But can she trust him with her heart and her life? This is an adult fairy tale retelling of the Little Mermaid.

Werewolves, facing the threat of extinction, desperately seek their mates to bear young. Aurora, a human far removed from the supernatural world, is nearing her own end after being fatally injured in a car accident. Kai, an alpha werewolf, lurks in the nearby trees watching her bleed out. He chooses to save her the only way he knows how, by changing her. Aurora struggles with her past as a domestic abuse survivor and the new dominating and violent lifestyle of a werewolf. No one is prepared for what happens next. The tides turn in favor of the werewolves. The Matefinder has been found, and she is more powerful than anybody ever imagined. But is she prepared to be the most hunted werewolf in history?

Bianca, a timid and shy university student, has no choice but to step outside her comfort zone to seek answers to her ghostly problems. The only problem is that, because of what she finds, she now has more questions than before. I've been in a book funk for a while now and this wholly and completely has brought me out of it. The mystery that kind of sits behind everything is perfect, as is the character development. I seriously can't believe waited this long to jump in to this series. -laci jo harding The things I see aren't for the faint of heart. And I am no longer willing to ignore them. Not even when my family, and my best friend, tell me to keep quiet about what's happening. They say people will think I'm crazy. Maybe I

am. But the spirit haunting my professor's house is definitely trying to tell me something, and I'm the only one who can see it. The one person who can help me is my best friend's brother. But I don't know if I can trust him or his friends. Or if I can step outside the protective bubble I've built around myself. At this point it's a toss up: the ghosts will kill me or my panic attacks will. Either way, I figure I'm going to die.

Ivan, Titus, Dorien. These Bad Boys of Baroque may play like angels, but they're determined to make my life hell.

You'd think that basically being in charge of love would be an epic job, right?

Wrong. Sure, I can blow some Lust into people's faces and watch the show, but I can't actually participate. It gets old, trust me. Same goes for love. I can pass it out like sugar-free lollipops at a dentist's office, but I can't get any love for myself. It totally sucks. I used to consider myself a hopeless romantic, so why wouldn't I choose to become a cupid? Sounds like a good idea, right? Wrong again. They don't call us stupid cupids for nothing. I'm stuck in this never-ending afterlife where I'm invisible, lonely, and bitter as hell. And yeah, I'm probably responsible for some terrible matchmaking out there. Sorry, not sorry. All my bad cupid'ing might be why I was exiled from the human realm. You can only do so much before the cupid bosses get all huffy. Unfortunately, my bitterness carried over into the new realm, and then I attacked a fae prince with Love Arrows.

Accidentally. Okay, not accidentally. But hey, he deserved it. What I didn't expect was for him to retaliate and hit my ass with some crazy magic mojo strong enough to push me into the physical realm. Whoa. That's right. This cupid just got a real body. And you know what that means...Now, it's my turn to get some. Love, I mean. Get your head out of the gutter. Wink, wink bitches. Author's Note: This is a medium-burn reverse harem story. It includes explicit language and sexual situations. Intended for audiences 18 years and older. As this is a series, there will be a cliffhanger.
