A long weekend in the Poconos is interrupted by murder, and FBI agents Savich and Sherlock must look thirty years into the past to stop the killing.

Tasha - I knew Noah Abramovich was trouble the first time our eyes locked. I was sixteen that summer. Sitting by the pool eating an ice-cream I can still remember how it melted over my fingers and dripped onto my thighs as I stared back at him. It wasn't just his Greek god looks, the animalistic Alpha attitude, or his tall, powerful muscled body - it was the aura around him that screamed, Don't fuck with me. At sixteen I wanted him with the passion of a woman, but mine was a world of unwritten rules. Rules that are worth more than a man's life. I didn't need anyone to tell me that he was everything I could not have. He never looked at me again, but I watched him from afar. I could tell there were deep secrets that kept his smile hidden. Dark and mysterious he seemed to fear no one, not even my father. A man he should have. One I feared greatly. As the years passed, the afternoon when time stilled became as unreal as a dream. I am twenty-two now and in six months I will be married to a man my father chose. I will do my duty and bring respectability to my father's dynasty, but before I give myself to that man, I must have a taste of the forbidden. Just one night with the man of my darkest fantasies, so I don't lie on my deathbed, and regret that I never reached out and took the one thing I wanted most in life. But will it heal or destroy me?

Noah. - In the Mafia world, your past is never far behind. If you are careless, it seeps into your future and gets you killed. Just when I had fooled myself into believing I'd stepped away from it all, it suddenly appeared in my office. Tasha Evanoff: She is what original sin must have looked like. Blonde, beautiful, voluptuous, and with secretive sapphire eyes that see right into my tainted soul. She comes offering one bite of the red apple. If I had any sense I'd shut the door on her, and send her back to her father, a psychopath of the highest degree. But that's not who I am. If the pretty princess has the courage to walk into the lion's den, I'm sure as fuck not going to pass on a challenge. I'll take one bite of her apple. Why the fuck wouldn't I? I've been lusting after it for years. Right here, right now, she is in my world, and she'll damn well play by my rules. She thinks

everything will go back to what it was before, but I know what she doesn't. You can never have just one night of raw passion. The body will always crave more. Will she submit to her body's desires or to her father's?

Yuri A year ago Yulia, my niece, lost both her parents. Two months ago she completely stopped speaking. Her psychiatrist thought a gentler presence around the house might be good for her. She suggested a nanny for the child. Naturally, I would do anything that would help her regain her happy childhood. But I didn't expect the woman who stepped into my office. Yeah, she's got my attention, all right, but for all the wrong reasons. I sure as hell don't need this ripe fruit to distract me day and night in my own home. I tell her she hasn't got the job, and watch her leave my study, but Fate has other plans. Resistance is futile. April He lives in a white mansion in London's Knightsbridge, a magnet for playboys and Russian billionaires Big, burly bodyguards look at me as if I've not come for a job interview, but to steal the family silver. Whatever. I maintain my professionalism, I'm determined to get this intriguing job of caring for the girl who refuses to speak. A prim woman leads me to his study. She knocks, and a deep, smooth voice beckons us to enter. The door opens and I set eyes on Yuri Volkov. OMG. His eyes are like a wolf's. Pitiless. Mesmerizing Dangerous. Obviously he is drop dead wrong but, I can't stop imagining his big, tanned hands caressing every inch of me. After the briefest interview in the history of interviews he informs me I haven't got the job. As I walk away, humiliated, from his study, it happens. The unthinkable. And I'm suddenly back in the game. - There's a saying though: be careful what you wish for...This is a standalone book with guaranteed Raine. I was working two jobs, mom was working three, and we still couldn't make ends meet. No matter how hard we tried we just couldn't catch up with my sister's medical bills. Right before my eyes, my mother was becoming a shadow of herself. And now Madison needed another costly medical intervention. Every time I'd read about the Wall Street fat cats, bankers, and billionaires getting richer and richer with government bailouts while half our wages went on taxes, it made me more and more resentful and bitter about the system we lived in. So... when I was offered a lot of money to take (okay, steal) something from a Russian billionaire, who had originally stolen it from another Russian billionaire anyway, I said yes. The woman who offered me the deal made it sound easy. Her exact words were, "an in and out job." But it wasn't an in and out job. Not by a long shot. To my astonishment, I had foolishly wandered into the glamorous and dangerous world of the insanely rich. I had walked into Konstantin Tsarnov's life, a secretive, unforgiving, and sinfully handsome beast. A Standalone Full Length Romance.

When Lana Bloom learns the devastating news that her mother is dying, she is faced with a terrible dilemma. The one thing that can save her is the one thing she does not have. When she walks through the door of that exclusive restaurant she has no idea of the seismic shift her life is about to take, for the highest bidder will not be

the rich man she has accompanied. Fate drops her at the feet of the deeply mysterious and dazzlingly gorgeous American banker, Blake Law Barrington. Includes mature themes and sexual content.

**NEW YORK TIMES EDITORS' CHOICE** • Big Tobacco meets Silicon Valley in this “deeply reported and illuminating” (The New York Times Book Review) corporate exposé of what happened when two of the most notorious industries collided—and the vaping epidemic was born. “The best business book I’ve read since *Bad Blood*.”—Jonathan Eig, New York Times bestselling author of *Ali: A Life* Howard Willard lusted after Juul. As the CEO of tobacco giant Philip Morris’s parent company and a veteran of the industry’s long fight to avoid being regulated out of existence, he grew obsessed with a prize he believed could save his company—the e-cigarette, a product with all the addictive upside of the original without the same apparent health risks and bad press. Meanwhile, in Silicon Valley, Adam Bowen and James Monsees began working on a device that was meant to save lives and destroy Big Tobacco, but they ended up baking the industry’s DNA into their invention’s science and marketing. Ultimately, Juul’s e-cigarette was so effective and so market-dominating that it put the company on a collision course with Philip Morris and sparked one of the most explosive public health crises in recent memory. In a deeply reported account, award-winning journalist Lauren Etter tells a riveting story of greed and deception in one of the biggest botched deals in business history. Etter shows how Philip Morris’s struggle to innovate left Willard desperate to acquire Juul, even as his own team sounded alarms about the startup’s reliance on underage customers. And she shows how Juul’s executives negotiated a lavish deal that let them pocket the lion’s share of Philip Morris’s \$12.8 billion investment while government regulators and furious parents mounted a campaign to hold the company’s feet to the fire. *The Devil’s Playbook* is the inside story of how Juul’s embodiment of Silicon Valley’s “move fast and break things” ethos wrought havoc on American health, and how a beleaguered tobacco company was seduced by the promise of a new generation of addicted customers. With both companies’ eyes on the financial prize, neither anticipated the sudden outbreak of vaping-linked deaths

that would terrorize a nation, crater Juul's value, end Willard's career, and show the costs in human life of the rush to riches—while Juul's founders, board members, and employees walked away with a windfall.

A sweeping history of the legendary private investment firm Brown Brothers Harriman, exploring its central role in the story of American wealth and its rise to global power. Conspiracy theories have always swirled around Brown Brothers Harriman, and not without reason. Throughout the nineteenth century, when America was convulsed by a devastating financial panic essentially every twenty years, Brown Brothers quietly went from strength to strength, propping up the U.S. financial system at crucial moments and catalyzing successive booms, from the cotton trade and the steamship to the railroad, while largely managing to avoid the unwelcome attention that plagued some of its competitors. By the turn of the twentieth century, Brown Brothers was unquestionably at the heart of what was meant by an American Establishment. As America's reach extended beyond its shores, Brown Brothers worked hand in glove with the State Department, notably in Nicaragua in the early twentieth century, where the firm essentially took over the country's economy. To the Brown family, the virtue of their dealings was a given; their form of muscular Protestantism, forged on the playing fields of Groton and Yale, was the acme of civilization, and it was their duty to import that civilization to the world. When, during the Great Depression, Brown Brothers ensured their strength by merging with Averell Harriman's investment bank to form Brown Brothers Harriman, the die was cast for the role the firm would play on the global stage during World War II and thereafter, as its partners served at the highest levels of government to shape the international system that defines the world to this day. Inside Money, acclaimed historian, commentator, and former financial executive Zachary Karabell offers the first full and frank look inside this institution against the backdrop of American history. Blessed with complete access to the company's archives, as well as a thrilling understanding of the larger forces at play, Karabell has created an X-ray of American power--financial, political, cultural--as it has evolved from the early 1800s to the present. Today, unlike many of its competitors, Brown Brothers Harriman remains a private partnership and a beacon of sustainable capitalism, having forgone the heady speculative upsides of the past thirty years but also having avoided any role in the devastating downsides. The firm is no longer in the command capsule of the American economy, but, arguably, that is to its credit. If its partners cleaved to any one adage over the generations, it is that a relentless pursuit of more can destroy more than it creates.

A Loving on the Edge novel perfect for fans of Fifty Shades of Grey.

From the acclaimed author of *A Very English Scandal*, a thrilling and dramatic true-life account of the rise and fall of one of the most notorious media moguls of all time: Robert Maxwell. In February 1991, Robert Maxwell triumphantly sailed into Manhattan harbor on his yacht, the *Lady Ghislaine*, to buy the ailing *New York Daily News*. Taxi drivers stopped their cabs to shake his hand, children asked for his autograph, and patrons of the hottest restaurant in Manhattan gave him a standing ovation while he dined. Ten months later, Maxwell disappeared off that same yacht in the middle of the night and was later found dead in the water. As John Preston reveals in this entertaining and revealing biography, Maxwell's death was as mysterious as his remarkable life. A tightly paced, addictive saga of ambition, hubris, narcissism, greed, power, and intrigue, *Fall* recounts Maxwell's rise and fall and rise and fall again. Preston weaves backwards and forwards in time to examine the forces that shaped Maxwell, including his childhood as a Jew in occupied Eastern Europe through his failed political ambitions in the 1960s which ended in accusations of financial double-dealing, and his resurrection as a media mogul--and on to the family legacy he left behind, including his daughter Ghislaine Maxwell. Preston chronicles Maxwell's all-encompassing rivalry with Rupert Murdoch—a battle that ruined Maxwell financially, threatened his sanity and lead, indirectly, to his death. Did Maxwell have a heart attack and fall overboard? Was his death suicide? Or was he murdered—possibly by Mossad or the KGB? Few in the twentieth century journeyed as far from his roots as Robert Maxwell. Yet, as *Fall* reveals, no one, however rich and powerful, can entirely escape their past.

mild-mannered graduate of the University of Pennsylvania's Wharton School of Business named Jho Low set in motion a fraud of unprecedented gall and magnitude--one that would come to symbolize the next great threat to the global financial system. Over a decade, Low, with the aid of Goldman Sachs and others, siphoned billions of dollars from an investment fund--right under the nose of global financial industry watchdogs. Low used the money to finance elections, purchase luxury real estate, throw champagne-drenched parties, and even to finance Hollywood films like *The Wolf of Wall Street*. By early 2019, with his yacht and private jet reportedly seized by authorities and facing criminal charges in Malaysia and in the United States, Low had become an international fugitive, even as the U.S. Department of Justice continued its investigation. *BILLION DOLLAR WHALE* has joined the ranks of *Liar's Poker*, *Den of Thieves*, and *Bad Blood* as a classic harrowing parable of hubris and greed in the financial world.

From the bestselling author of *Less Than Zero* and *American Psycho*, *The Rules of Attraction* is a startlingly funny, kaleidoscopic novel about three students at a small, affluent liberal-arts college in New England with no plans for the future--or even the present--who become entangled in a curious romantic triangle. Bret Easton Ellis trains his incisive gaze on the kids at self-consciously bohemian Camden College and treats their sexual posturings and agonies with a mixture of acrid hilarity and compassion while exposing the moral vacuum at the center of their lives. Lauren changes boyfriends every time she changes majors and still pines for Victor who split for Europe months ago and she might or might not be writing anonymous love letter to ambivalent, hard-drinking Sean, a hopeless romantic who only has eyes for Lauren, even if he ends up in bed with half the campus, and Paul, Lauren's ex, forthrightly bisexual and whose passion masks a shrewd pragmatism. They waste time getting wasted, race from Thirsty Thursday Happy Hours to Dressed To Get Screwed parties to drinks at The Edge of the World or The Graveyard. *The Rules of Attraction* is a poignant, hilarious take on the death of romance. The basis for the major motion picture starring James Van Der Beek, Shannyn Sossamon, Jessica Biel, and Kate Bosworth.
